

Learner Assessment of Instructor's Performance

Purpose: This assessment tool is based on a number of guiding practices essential to good instruction and to your success as a learner. It provides an opportunity for your instructors to get an insight into how a learner, like yourself, believes the instructor demonstrated each practice.

Course # _____ Instructor: _____ Date: _____

Using the scale below, rate your instructor's performance and place rating on line following each item below.

1	2	3	4	5
Never	Little	Sometimes	Very often	Always

Question: To what extent do you think your instructor demonstrated the following instructional practices? Rate your instructor using the above rating scale.

Instructional Practice	Rating
1. Focused on Intended Outcomes: –From the very beginning of the course, made us learners aware of what we should be able to do in real-life roles as a result of what we were to learn in the course. –Linked everything to the intended outcomes.	_____
2. Created and Mapped Essential Content and Assessment Tasks: –Created relevant tasks that were increasingly difficult. –Challenged us learners and kept us engaged. –Made the course content relevant to the intended real-life outcomes. –Gave us learners a clear picture of the whole course—how everything connected to the intended outcome.	_____
3. Built Community: –Used strategies that encouraged interaction and collaborative learning.	_____
4. Assessed to Assist: –Monitored our progress toward achieving the intended outcomes. –Provided useful feedback to improve our learning.	_____
5. Built Proficiency: –Engaged us learners in meaningful ways throughout the course.	_____
6. Reflected on Issues: –Provided reflection time for us learners to think critically about issues related to content and applications to real-life situations. –Provided reflection time for us learners to think critically about our learning.	_____
7. Gathered, Displayed, and Used Evidence to Advance the Learner: –Systematically gathered and shared evidence of our learning progress. –Provided us learners with the standards and criteria for our work tasks and assessments before they were due.	_____
8. Gathered, Displayed, and Used Evidence to Adjust the Learning Experience: –Openly solicited and accepted feedback on how to improve our learning experience.	_____

Total Score: _____

(Note: Practices with a rating of 2 or less indicate a need for improvement.)
